

★ ★ ★ *Star in the Night*

The twinkling lights of an approaching plane herald a holiday homecoming.

In this home and that one, there will be feasting and happiness, devotion and good will.

In the world at large, the airplane plays a similar role. It mints the coin of time, the basic currency of human relationships and transactions. Thus, no invention of man so effectively sets the stage for common interest and understanding. And these are the requisites of Peace.
